

CLEAN WATER INFRASTRUCTURE & PUBLIC UTILITIES

SMART BUDDY WATER ATM KIOSK

Automated 24/7 Safe Drinking Water Dispenser with Multi-Stage RO & Smart Payments

SB-WATM-250 / 500 / 1000 Series

Smart Buddy OEM Specification: SMART BUDDY WATER ATM KIOSK

Product Overview

The Smart Buddy Water ATM Kiosk by Aarya Innovtech is an automated, coin/card/UPI-operated drinking water dispensing station. It integrates advanced multi-stage Reverse Osmosis (RO) and Ultra-Violet (UV) purification with smart volumetric flow metering to supply pure, chilled, and mineral-rich drinking water at minimal cost.

Key Capabilities & Highlights

- Multi-stage industrial purification: Sand filter, Carbon filter, Micron filtration, RO Membrane & UV Chamber.
- Smart multi-payment support: Multi-coin acceptor, RFID Smart Card tap, and Dynamic UPI QR code.
- Food-grade Stainless Steel (SS 304) dispensing chamber, piping, and anti-bacterial dispensing nozzles.
- Programmable volumetric dispensing: 250ml cup, 1 Litre bottle, 5 Litre can, and 20 Litre jar filling options.
- GSM/GPRS IoT cloud controller reporting real-time TDS levels, water volume, tank level, and daily revenue.

Core Value Proposition & Operational Advantages

1. Pure & Certified Water

Produces potable water conforming strictly to IS 10500 drinking water quality standards.

2. Cashless & Coin Options

Users can dispense water using coins (Rs. 1, 2, 5, 10), prepaid smart cards, or UPI QR.

3. Heavy Duty SS 304

Food-grade stainless steel interior and weatherproof anti-rust outer cabinet for long outdoor life.

4. Live GSM Telemetry

Monitors TDS, total dispensing volume, filter replacement schedules, and revenue remotely.

Recommended Deployment Locations & Applications

- Railway Stations & Bus Stands
- Rural Gram Panchayats & Village Hubs
- Pilgrimage Centers & Temple Complexes
- Public Parks & Tourist Attractions
- Government Schools, Colleges & Hostels
- Smart City Public Utility Zones
- Highway Rest Stops & Fuel Stations
- Construction Sites & Labor Colonies

Why Choose Aarya Innovtech (Smart Buddy)?

- Indigenous OEM Engineering Since 2010
- Over 500+ Public & Corporate Deployments Across India
- In-House R&D, Design, Sheet Metal Fabrication & IoT Telemetry Software Development
- Pan-India Lifecycle Installation, Spare Parts Availability & Comprehensive AMC Maintenance Support

DETAILED TECHNICAL SPECIFICATIONS: SMART BUDDY WATER ATM KIOSK

TECHNICAL PARAMETER	ENGINEERING SPECIFICATION / STANDARD DETAILS
Model Series	Smart Buddy SB-WATM-250 (250 LPH) / SB-WATM-500 (500 LPH) / SB-WATM-1000
Purification Technology	Multi-Stage RO + UV Sterilization + TDS Controller + Active Mineral Cartridge
Dispensing Capacity	250 to 1,000 Litres Per Hour (Customizable up to 5,000 LPH plants)
Dispensing Modes	Dual Nozzle (Simultaneous 1L bottle & 20L jar filling) with Optical Container Sensor
Payment Options	Multi-Coin Validator (Rs. 1, 2, 5, 10), RFID Smart Card Reader, Dynamic UPI QR Code
Cabinet Construction	Exterior: 1.6mm Powder Coated GI / Interior & Wet Area: Food-Grade SS 304
Storage Tank	250L to 1000L Insulated Food-Grade SS 304 Storage Tank with High/Low Float Sensors
IoT Controller	Industrial Microcontroller with GSM/4G Telemetry, Live TDS & Flow Meter Sensors
Chilling Unit	Optional In-Built Hermetic Refrigeration Chiller (50-200 LPH chilled output at 10-15°C)
Power Rating	220V AC, 50Hz, Single Phase / Solar Hybrid Inverter 24V/48V Compatibility
Display Screen	16x2 Character Alphanumeric LCD / 7" Graphic Color TFT Status Display
Dimensions (H x W x D)	1750mm x 700mm x 650mm Approx Weight: 120 kg (dry)

Engineering Design & Architectural Highlights

- High-precision magnetic turbine flow meter ensures exact calibrated volumetric dispensing without water loss.
- Automated auto-flush valve periodically cleans the RO membrane surface to prolong membrane life in high-TDS water.
- In-built low-water cutoff switch automatically de-energizes the high-pressure pump when raw water supply is depleted.
- Solar hybrid MPPT charge controller support allows complete off-grid deployment in remote villages and highway spots.
- Tamper-proof coin coin-box and heavy-duty steel lock protection prevent unauthorized access to cash collections.

HOW TO ENQUIRE & ORDER CUSTOM CONFIGURATIONS

Share your project location, estimated footfall, preferred payment modules, and custom OEM branding requirements. Our engineering team prepares tailored layout drawings, electrical specifications, and detailed commercial techno-commercial proposals.
